

Stubbins Primary School

Subject Policy for Religious Education

At Stubbins School, children are at the centre of everything we do. We aim to give our children the best possible opportunities and learning experiences, enabling them to reach their full potential. We aim to ensure that the children in our care are equipped for life-long learning as responsible citizens in an ever-changing, diverse local and world-wide community. **We believe that everyone has the capacity to become great if they have the courage to challenge themselves. By nurturing creativity, enjoyment & ambition; this policy supports our responsibility to make this happen.**

This policy is supported by, and should be read in conjunction with, our Teaching & Learning Policy, The Key Principles of which are that:

1. It is vital that staff have a consistent and shared understanding and approach to promoting learning. However, it is recognised that staff have different styles, strengths, enthusiasms and approaches – this is valuable and to be celebrated and shared.
2. **Agile Teaching**, rooted firmly in the principles of Formative Assessment, is the framework within which learning happens at Stubbins.
3. Teamwork underpins our professional roles. Our success depends on how closely we support and energise each other.
4. We are on a learning journey, and have much to learn from colleagues and other professionals; we learn from our mistakes
5. Teaching is sometimes difficult, and there are always barriers to overcome when promoting learning. However, we are right to be ambitious for what can be achieved, and optimistic that learning can always be enhanced for all our pupils.
6. Each and every pupil has the right to access the very best learning that we are able to offer.
7. We are responsible for providing the guidance, support and expertise necessary for the best learning to take place. 'Working' is not always 'learning' – we should enable our pupils to be active learners.

Learning and teaching is the core business of our school. It is our aim to motivate all our pupils to have high aspirations, to want to do their personal best and to have the desire to be successful in and out of school. We are trying to prepare pupils to be successful in a rapidly changing world that has many challenges; some of which are yet unforeseen. We can only nurture flexible and creative learners if teachers and pupils work in partnership to create a stimulating and successful learning environment.

Thus it is our aim to have pupils involved fully in the learning process thereby promoting an active culture of learning. The Teaching & Learning Policy sets out the principles and expectations behind our learning environment and should be read in conjunction with this policy.

Delivering the Curriculum

Our Policy on delivering the curriculum explains how we ensure that we include every child and use our skills environment to maximise every child's potential. This policy also outlines the areas of learning across the curriculum.

Other Policies which support this subject are:

- **Behaviour Policy**
- **Marking Policy**
- **Assessment Policy**
- **SEN Policy**
- **Equality Policy (Duty & Action Plan)**

The main aims of the teaching of Religious Education.

“At the heart of the syllabus the aim continues to be to support pupils' personal quest for meaning by engaging pupils' enquiry into the question 'What is it to be human? , exploring answers offered by religion and beliefs'. In this way, in the words of one SACRE member, we seek to enhance the life experiences of our young people and give them the skills to tackle this life long quest for meaning.” Lancashire agreed syllabus 2011 At Stubbins Primary School RE is a valued subject which gives our pupils the tools to answer the difficult questions in life. We aim to develop their knowledge and understanding of different faiths whilst allowing them to learn about and challenge each other's beliefs in an unbiased and safe environment.

Resources

Resources are kept in the 'blue room' in labelled boxes according to the particular religion. We have a variety of artefacts which can be used to support the teaching and learning of RE. We also have a wide range of books in our Library.

Assessment & Recording

Teachers are expected to make regular assessment of child's progress and to record these systematically. The following is the school policy for assessment in Religious Education

Whole school assessment procedures are set out in the Assessment Policy. Children demonstrate their ability in RE through a variety of different ways. Younger children might, for example, act out a famous story from the Bible, whilst older pupils might produce a PowerPoint presentation based on their investigation of sacred texts. Teachers will assess children's work in RE by making informal judgements as we observe them during lessons. On completion of a piece of work, the teacher assesses the work and gives the child written or verbal feedback to help guide progress. Older children are encouraged to make judgements about how they might improve their work in the future.

Parental Involvement in Religious Education

Parents are kept informed about teaching and learning in Religious Education through:

- A dedicated page on the school website.
- If parents choose to withdraw children from RE activities this will be agreed with the Headteacher and parents will have the opportunity to liaise with their child's teacher.

Homework

At Stubbins, homework in Religious Education may be included in Topic homework or as part of a Learning Log activity depending on the main topic of the term.

Reporting to Parents

A main report is completed before the end of the summer term and parents are given two smaller reports as well having the opportunity to discuss their child's progress at parents evening in the Autumn and Spring terms.

Subject Leader

The subject leader is responsible for:

- Creating the subject policy.
- Explaining subject expectations to other staff.
- Ensuring the subject policy is followed across the school.

- Monitoring and evaluating attainment & progress in the subject across the school.
- Recording & holding evidence of the quality of teaching & learning in the subject across the school.
- Reporting to the headteacher and/or governing body.

The Governing Body

Our Curriculum Committee has overall responsibility for the delivery of our curriculum, and for ensuring that standards are high. The subject leaders are encouraged to report to this committee on any developments and particular achievements. Governors are encouraged to visit school in order to monitor the curriculum and celebrate successes.

This policy will be reviewed in January 2019

Mrs Kirkham

Subject Leader
