

Anti-Bullying Charter

Bullying is when someone gets picked on again and again. It could be name calling, hitting or pinching, leaving someone out or even making unkind faces. It makes them feel bad. We don't want anyone to feel bad and so we will make sure bullying doesn't happen.

We will do this by:

- Being a Telling School – telling an adult is ALWAYS better than keeping quiet.
- Talking about how we can be friendly and kind to each other – all the time.
- Thinking about how it's great that we are all different, special and loved.
- Dealing with the bullies quickly, telling their parents and helping them to be friendly to make sure it STOPS!
- Having a 'Worry Box' so people can post their worries too – we will listen.
