Welcome Back!

It was absolutely great to welcome everyone back to school yesterday. We had only three children who did not attend, which is better than we could have hoped. It shows that you, as parents, trust us to keep your children safe, and we are privileged to be in that position. I would like to thank everyone for helping us to make the return so successful; adhering to drop-off and collection times and observing social distancing. It really does show how the community of Stubbins works so well together.

After-School Clubs

I'm sure you will appreciate that we are settling in to a new way of operating. For several reasons, we feel that we cannot provide any after school clubs at present. We will review this each half term, in light of any new guidance and changes in circumstances. Thank you for your understanding.

Year 4 Swimming & Instrument Tuition

We are working with Marl Pits and the transport company to ensure that we can offer swimming lessons safely. Details of this will be sent out to Year 4 parents shortly. Similarly, Instrument tuition through Lancashire Music Service is being organised to ensure safety. Again, more details will follow.

Nasal Flu Vaccinations

Nasal Flu Vaccinations are being rolled out this term by Intrahealth on behalf of the NHS. It is very important that, in a world filled with COVID 19 news, we don't forget the other viruses that are still a threat. Letters will be sent home as soon as we have more information.

Communication with Parents

We are changing the way we communicate with you. Our school website has the facility to communicate via email and we hope that this will make information sharing much easier. A letter will be sent out next week asking everyone for the email address which they would like to be used for this. The emails are securely held and will be used only by us for the purposes of home-school communication.

Children's Back-Packs in School

I would like to politely remind parents that back-packs are not required. Book bags and a lunch box are really all that is necessary. It is extremely important that we cut down on the number of items coming into school from home. Also, keeping personal belongings apart is a social distancing measure, and we just don't have room for extra bags. Many thanks.

Questionnaire

A brief questionnaire will be coming home tomorrow. We feel it is important that we are aware of individual children's experiences, feelings and family circumstances that may have changed during the time away from school. Your answers will enable us to better meet the needs of your child. It is entirely voluntary. Many thanks.

Stay Well ☺
