<b>Year 4:</b> Harry Rossiter & Ada Entwistle	
<b>Year 5:</b> Ava Lee & Brandon Pearce	
<b>Year 6:</b> Ellie Britton & Eva Hopwood	
<b>This week's winning team colour is YELLOW!</b>	

### Settling In!

It has been great seeing the children settle in to the new school year. Although things have been a little different, the children have risen to the challenge and have embraced the new arrangements. The Prime Minister's speech yesterday was a clear indication that our current way of working seems set to continue for some time yet.

### Year 3 Return & Reception Full-Time!

It is a great relief to us all to be able to welcome back our Year 3 children on Monday. Also next week, our Reception class begin full time. The school will have everyone back in full time for the first time this academic year. I'm sure you will join me in hoping that this remains the case for the foreseeable future!

### School Meals

The current school meals menu will come to an end at October Half Term. When we return on Tuesday 3<sup>rd</sup> November, the children will once again be enjoying a warm school meal served on trays. Our priority is always to ensure that we keep the children safe, and we have worked hard to devise a way of serving warm meals once again. There will never be more than two classes in the dinner hall, separated appropriately, and we will deliver the meals to the classrooms nearest to the hall (Reception, Year 2 and Year 6). I think that it important that the children have a proper dinner as we move into the colder months, and I am confident that our new system will be able to deliver this.

### PHE Letter to Parents and Guardians

I have attached a letter I received yesterday which is from Public Health England and addressed to Parents and Guardians. This is an important letter to share some information on how we can work together to make sure we can continue to give children and young people the best education in the safest way possible.

### NHS Test and Trace COVID-19 app

Today, NHS Test and Trace has launched the [NHS COVID-19 app](#). The app has been launched to help control the spread of coronavirus (COVID-19). It will do this by alerting people who may have been exposed to infection so that they can take action. The app is available to download on smartphones for anyone aged 16 or over. The app is entirely voluntary. I have attached a factsheet which gives more information.

Both of the documents mentioned above are available on our School Website under the COVID-19 section. Here, you will also find other documents and links which give useful information about the pandemic.

Stay Well ☺

Mr. J. Danson
